

Vantage Resource Group

Customer profile

Vantage Resource Group is a recognized dealer and supplier of the highest quality protection film kits for the recreational vehicle and marine industries.

Business Challenge

The more hours the Vantage Resource Team has for testing their materials – the better results they deliver to meet the needs of their clients looking for the ways to protect their investment.

Technology Solution

Previously, Vantage Resource Group spent much time on doing paper invoicing and they needed a platform that integrates with Quickbooks so that they could go paperless. The HandiFox system that provides a powerful mobile sales environment for operators working in the field has become a perfect software for their business.

Business Value

"Now with HandiFox Vantage Resource Team can run their company more efficiently and spare much time to work out a strategic plan for the further development of their business. Moreover, Vantage Resource Group cannot but be grateful to the HandiFox support team that always works with them through any issue, answers all their questions and provides them with customizations, all in a timely manner.

We at HandiFox always strive for excellence and do our best to understand and respond to our customers' demands. We highly appreciate their feedbacks because they let us know what changes to implement in HandiFox software to enhance it.
